PROFILE

A passionate and self-driven Full-Stack Developer with 4 years of hands-on experience in designing and building modern, responsive web applications. Skilled in both frontend and backend development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Dedicated to writing clean, efficient code and crafting beautiful, functional UIs. Currently seeking an opportunity to contribute to a forward-thinking software company where I can grow, learn, and make an impact.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript (ES6+), React.js, Redux Toolkit, Vite, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, RESTful APIs

Tools: Git, GitHub, Postman, Figma, VS Code

Other: SQL (Basic), PHP (Learning), Python (Basic), JWT Authentication, Zustand, React Hook Form

PROJECTS

- 1. Chat Application:** Built a real-time chat app with React, Node.js, Express, and MongoDB, featuring live messaging, file uploads, and user authentication.
- 2. Subscription & Expense Tracker:** Multi-user app with MongoDB database for tracking expenses and subscriptions, including charts and secure login system.
- 3. Admin Dashboard:** Created a professional dashboard with charts, sortable tables, and responsive UI for analytics visualization.
- 4. To-Do List (MERN):** Users can register, log in, and manage personalized to-do tasks with CRUD operations.
- 5. Portfolio Website:** Designed and developed a personal portfolio showcasing skills, projects, and contact details using React and modern CSS.

EXPERIENCE

Freelance Full-Stack Developer | 2021 - Present

- Designed and deployed full-stack applications using the MERN stack.
- Worked on both personal and client projects with focus on performance, clean UI, and scalability.
- Integrated third-party APIs and optimized MongoDB queries for faster response times.
- Managed app state effectively using Redux Toolkit and Context API.
- Collaborated remotely using GitHub and Figma for project coordination.

EDUCATION

Matriculation (Science)

Self-taught Full-Stack Developer through online learning, documentation, and building real-world projects.
